

RECOAT - CLEANER

Article Number: 31920

— RECOAT —

PRODUCT DESCRIPTION

The Recoat cleaner is a universal cleaning and degreasing agent that leaves no residue.

AREA OF APPLICATION

Recoat products are easy to work with/handle. The Recoat products can be applied without sanding. The Recoat Cleaner has been developed for this purpose. It is however necessary to clean the substrate thoroughly. This cleaner ensures optimal adhesion to the substrate. Recoat Cleaner is extremely suitable for cleaning weathered coatings. The Cleaner is also a universal degreaser especially developed as final treatment for Recoat finishes.

JOB DESCRIPTION

Apply the Recoat Cleaner evenly to the surface while rubbing and let dry. The surface doesn't need to be rinsed with water,

TECHNICAL PROPERTIES

Base	Water and solvent solution
Application by means of	Cloth, Sponge
Cleaning materials	Water
PH Value	Neutraal
Thinning	Ready to use
Transport	Temperature during storage, transport and application minimum 5° C and maximum 30°C at a relative humidity of Maximum 85%
Storage stability	A maximum of 24 months in case of dry storage and a temperature of 5°C to 30°C.

SAFETY

All Recoat products comply with the REACH standard.

ENVIRONMENT

The product contains very small quantities of solvent and is largely manufactured in accordance with the green chemistry method.

IMPORTANT INFORMATION

Recoat products are for professional use only. Specified processing and drying times are highly dependent on the conditions under which the product is used. It is of great importance that the applicator has sufficient knowledge of the substrate to which a specific product is applied. His knowledge and expertise determine the final result. Therefore no rights can be derived from these guidelines.
